I FLY WITH YOU

THE BOOK

Two very different friends go on an adventure that will take them in the middle of the sea and up to the deepest canyon of the world, defeating their fears to try to find their friend and brother. They will eventually come back to where it all started, but they will discover that during the journey they have found the courage to believe in themselves. And maybe they will realize they are a little bit different from what they thought they were: stronger and capable of cultivating great dreams.
