## Series Big squared stories

“Large format” picture books in which great writers and illustrators tell simple yet universal stories that deal with important issues.

With activity pages at the end.

## WHAT A MASTERPIECE!

### THE BOOK

This is the story of a child, surrounded by his family and friends, on an everyday-life Sunday morning. Everything would seem normal, but all of a sudden some artistic and architectural famous works populate the reality in a unique way, giving the child an exceptional heritage of visual culture to bring with him forever.

All expertly told in a beautiful silent book.

Here comes WHAT A MASTERPIECE!, the fifth title created for the Festival of Creative Culture: powerful images and a strong narrative plot guide the reader among the most beautiful expressions of the European cultural heritage.

### THE AUTHOR

**RICCARDO GUASCO**, narrative path and illustrations.

Italian painter and illustrator, whose works are made of simple lines and a few shades, as a result of a continuous search for lightness in form and warmth of colours. He loves the old posters of the 1930s, Picasso and the heroic cycling of the old days.
