## Series "Smart Looks"

### GARDEN COLOUR COMMANDS

WALKING AROUND SOUND, SMELLS, EMOTIONS  
IN FOUR ART AND ENCHANTMENT GARDENS

What colours does the witch command?  
The green of nature. The blue reflected in mirrors.  
The bronze of the folding pictures. The iron in  
the sonorous sculptures. The colour in the poor  
materials. Those are just some of the colours  
about four art gardens in Tuscany. The young  
readers in the company of Bruno and Viola,  
their contemporaries, will know the secrets  
and the beauties about those special places  
where contemporary art merges with nature.  
All this thanks to a delightful tale, interesting  
boxes and even the amazing illustrated histories.
