THE BOOK

With the amusing yet poetic language that only he is capable of, the great Gek Tessaro tells the funny story of a day in the life of an enormous, unusual and incredibly crowded family: that of a mother penguin and her hundred little ones... The short rhyming text goes together with the beautiful rich illustrations that unfold as though they were a single picture, stretching over the whole 16 pages of a book that is almost 2 metres long. The funny adventures told in the story follow on one after another, leading us through pages that are full of life, laughter, colour, and that are happy, crowded and busy... just like Mother Penguin's day.

GEK TESSARO is a master artist and prize-winning author and illustrator of books for children. Among his awards are the 2010 Andersen Award for the "Miglior autore completo (Best Complete Author [ndt])" and the National "Nati per leggere" 2011 Award.

Series: The story circle. Paperboard bound books, designed for the youngest readers; to read, to look at and to discover a fabulous picture which unfolds from page to page, creating a book which seems endless.
