BUILD THROUGH ART

ABOVE THE HEART OF THE DRAGON

THE BOOK

Como, year 1450 and Cumasia, year 2450: why such distant times and such different places are now so close? That is thanks to a hands-mind-heart-needed trade; that is thanks to the mystery of a magic stone and, most of all, that is thanks to a magnificent and very famous building.

THE AUTHORS

SABINA COLLOREDO, texts.

ALESSANDRO BALDANZI, illustrations.

Series: ARTS&CRAFTS

Journeys out of time into unusual places where the enthralling narrative and wonderful pictures come together to focus particular attention on Art, Astronomy, Travel and much more besides... *Patented format*
