## GIGINA AND GIGETTA

### THE BOOK

Playful, humorous picture book that through a cheerful rhyme text, describes the world seen through the eyes of Gigina and her little sister Gigetta: a huge and wonderful game. A never ending discovery of the world designed by adults, that children are able to rethink, twist and adapt to suit them.

**I love my little baby sister  
I'm Gigina and she's Gigetta  
Her eyes are blue and so fair  
But she's got I don't know how much hair**

**It's not so easy to count every hair  
You've to remember the ones that are there  
and then there are those that you forget or leave out  
and the final number leaves you in doubt**
